**OUR 19th ANNUAL  
SHOW and SALE  
Thursday, March 14, 1963  
Red Oak, Iowa**

# *Our Invitation*

We most cordially invite everyone interested in good livestock to attend the Southwest Iowa Shorthorn Show and Sale of 1963.

The herd bulls are up to our usual high standards. A majority of these are of serviceable age and ready to use. There is much new breeding for the buyers of former years. Their blood lines are the most popular of the times. The bulls are the kind that will breed deep bodies and natural thickness on their calves.

The females represent the best blood lines and the most approved types always offered at Red Oak. They are and will be great beef cows that will safely contribute their half to the inheritance of superior beef calves.

We would like you to know the consignors. We urge you to study the pedigrees and footnotes in this illustrated catalog, all of which will confirm the rich breeding, outstanding records and individual excellence of their offerings. We feel that you can end your search for the best in Shorthorns—right here.

You will enjoy being with us in Red Oak on Thursday, March 14. We will be happy to have you and will endeavor to make the day a pleasant, interesting and profitable one.

# STANDARD GUARANTEE

## OF

### AMERICAN SHORTHORN BREEDERS' ASSOCIATION

1. Proper care must be given by purchaser to protect breeding qualities and health of guaranteed animals.

2. All bulls are guaranteed breeders, provided they are not allowed to serve when under 14 months of age, or allowed to run with the herd when under 20 months of age. In case of failure of a bull to be a breeder, notice shall be given to the seller within six months of date of purchase, or by the time the bull is 20 months of age, if purchased under 14 months of age.

3. With the exception of heifers sold under 14 months of age, all females are guaranteed breeders. Heifers under two years of age shall not be served by a heavy, or old bull. Cows or heifers sold as bred, or safe in calf, not proving to be in calf must be reported to the seller within three months after date of sale. Females over 14 months of age sold open, not settling within six months after date of sale, shall be promptly reported to the seller.

4. When an animal fails to comply with the above guarantee the seller has the option of substituting an animal of equal value to the satisfaction of the purchaser, or of having the animal returned for a trial for a period not to exceed six months. The expense of freight in such case is to be paid by the seller. If the animal is then proved to be a breeder beyond doubt it shall be returned to the purchaser at his expense. In case of dispute the return of the full purchase price, without interest, to the buyer will be considered full settlement and satisfaction to all claims. No charge for feed or maintenance shall be made either by buyer or seller. Salvage shall go to the seller. It shall be understood that the same guarantee given for the first animal shall likewise apply to any animal later substituted.

5. All animals are sold to comply with the laws regulating Tuberculosis and Bang's disease of the state.

6. Certificates of registry and transfer will be furnished with each animal sold. A signed pedigree application for unborn calves should be furnished with bred females, showing names and record numbers of sire and dam as well as service dates.

7. Shipment will be made as soon as possible after the close of the sale, but at purchaser's risk of loss or injury after animal is bid off. Where cattle are sold at private treaty the above terms should apply as well as for sale at auction.

All animals sold in this sale will be backed by the above Standard Guarantee.

As a safeguard to prospective buyers, every animal has successfully passed a clean abortion blood test within 30 days prior to the sale or will have Certificates of Bang's Calfhood Vaccination, and those that are not from Accredited herds have passed a clean Tuberculin test within the same period. Health certificates will be provided with each lot sold.
